National Sales Manager Ratermann Manufacturing

As the National Sales Manager for Ratermann Manufacturing, my responsibility is making sure that we live up to our reliability claims and the needs of our customers, as they relate to the sales functions of our organization. I'm very fortunate to have a sales team and sales support team that truly strive each and every day to exceed the expectations of our customers. Our customers are our partners and it is their valuable insight and feedback that allows us the opportunity to grow and improve each and every day.

Lance Looper

National Sales Manager Ratermann Cryogenics

I'm Lance Looper, National Sales Manager for Ratermann Cryogenics. Ratermann Cryogenics offers equipment from premier/quality manufacturers with the most extensive product lines in their respective industries. Our Cryogenic Division is focused on having RELIABLE PEOPLE that offer RELIABLE DELIVERY commitment through same day service and next day delivery out of our centralized distribution centers. Our product offering covers all phases of product transfer, from air separation plants down to small cryogenic delivery systems, extending RELIABLE SOLUTIONS for our customers. Our service strategy also employs designing our product availability around specific solutions backed with extensive inventory. We strive to be the top-of-mind source for all your cryogenic equipment needs, as well as being your technical support system.
